### B. Informational Technology\*

Wi-Fi is available for fairgoer use only and not intended for Vendor use due to bandwidth and security issues. It is recommended that Vendors order either an internet or phone line to operate credit card or other POS machines due to the unreliability of data signals. \*The purchase of an internet line is for one device only. The use of routers, switches/hubs, DHCP, wireless LANS or other applications that allow the sharing of an IP address between multiple devices is PROHIBITED unless approved in writing by WSF. **Vendors in violation of these policies will be subject to pay \$265 for each unauthorized connection and/or may be subject to the disconnection of their service.**

WSFP is not responsible for damaged personal equipment and/or personal injury caused by the misuse of provided telecommunication and/or data service(s). Tampering with IT equipment (including but not limited to exhibit floor utility boxes, cabling, or rented equipment) at any time may result in the disconnection of ordered service(s).
