

ZOO INTERCHANGE NEWS

I-94 EAST EXIT RAMP TO 84TH STREET TO CLOSE FOR 7 DAYS TUESDAY, APRIL 7 THROUGH TUESDAY, APRIL 14

Reconstruction of the 84th Street interchange, at I-94, continues. While the Westbound exit and entrance ramps remain closed until late Spring 2015, 84th Street is open to one lane in each direction under I-94. Beginning Tuesday morning, April 7, a seven day closure of the I-94 East exit ramp to 84th Street is needed to facilitate sewer work across the ramp. The ramp is scheduled to reopen on Tuesday, April 14. During this time, the point at which I-894/US 45 North merges with I-94 East will occur earlier, which may cause minor eastbound delays on I-94 as traffic adjusts to this change. Traffic is encouraged to use I-94 East to 70th Street or I-94 East to I-894/US 45 South to Greenfield Avenue during the closure.
