

COMPUTER USE POLICY ACKNOWLEDGEMENT

I, the undersigned, have received a written copy of Wisconsin State Fair Park's (WSFP) computer use policy. I fully understand the terms of this policy and agree to abide by them. I realize WSFP's security software may record for management use the internet address of any site I visit and keep a record of any network activity in which I transmit or receive any kind of file.

I also indicate my explicit knowledge of the following specific policy items by affixing my initials to each:

_____ I am aware this computer, network, internet and email policy contains references to WSFP work rules which have been published and distributed to employees. Although those work rules are reiterated within this policy, they do not constitute all activities by which an employee may be disciplined or terminated for violation of this policy.

_____ I am aware WSFP routinely monitors usage patterns for its Internet connections.

_____ I am aware WSFP has software and systems in place that can monitor and record all computer usage.

_____ I am aware that WSFP reserves the right to inspect any and all files stored on the network in order to assure compliance with policy.

_____ The display of any kind of sexually explicit image or document on any WSFP computer (permanent or rental), including related chat room conversations is a violation of State Fair's policy on sexual harassment. In addition, sexually explicit material may not be archived, stored, distributed, edited or recorded using WSFP network or computing resources.

_____ I know that any violation of this policy could lead to discipline, up to and including termination, and that certain activities may result in criminal prosecution.
