

Play It Safe | Commitment to Care is a comprehensive program to help keep guests and employees safe and slow the spread of COVID-19.

Using the **Play It Safe** protocols, we've reengineered our operating procedures to minimize contact risk and bolstered hygiene to exceed best-practice guidelines of the U.S. Centers for Disease Control and Prevention (CDC). Our operations undergo rigorous ongoing deep-cleaning and disinfection as part of this program to ensure we are operating in a safe environment.

For everyone's safety, our employees:

- Undergo a comprehensive Play It Safe Training Program.
- Complete a health check when they report to work.
- Wash and sanitize their hands when they report to work and are required to continue doing so frequently throughout the shift.
- Wear masks when entering the building and throughout their shift.

We are committed to delivering a safe and secure dining environment.

- Modified concessions menus. All food items will be pre-packaged as a single serving and in disposable wraps or containers.
- Condiments available in sealed packets or closed containers
- Bar toppings/fruit stored in covered containers for Associate use only (and must be served with tongs or gloved hands).

We have developed a new set of standards and procedures that include:

- Ensuring our operating standards uphold current social distancing guidelines as directed by local and state regulators and in compliance with the CDC.
- Enhanced cleaning and sanitization protocols, including hourly and as needed for all high-touch surfaces for both guest-facing and back-of-house operations.

The health, safety and peace of mind of guests and employees are our highest priorities.
